About Emerging Futures CIC

Emerging Futures works with adults affected by drug and alcohol addiction, offering housing and community-based support.

We believe that no one should suffer the stigma associated with addiction, and that everyone seeking support should feel valued and respected.

We provide homes for people to connect with others and make the necessary changes to move towards independent, healthy living.

Our behaviour change services provide a confidential space to share experiences, and offer practical support to those who want to change.

The Emerging Futures accredited coach training develops the skills of our volunteers, motivating people to give back and reconnect with their community.

About the role

As Service Administrator you will provide wide-ranging administrative, financial and system support to staff and volunteers in our local teams to ensure the smooth running of services.

You will also work with our national administration team to develop and improve organisation-wide processes and procedures.

On a day-to-day basis, you will support the Service Manager and wider team to complete administration tasks such as recruitment and asset management.

You will play a key part in data collection and quality, ensuring internal and external deadlines are met.

Principal duties and responsibilities

Service delivery

You will be the first point of contact for commissioners, other services, landlords, neighbouring residents and members of the public who contact our services.

Your duties will include answering the phone and responding to emails, sorting the post, preparing papers for meetings, taking minutes and sending out actions.

Update and maintain the referral tracking spreadsheet and allocate worker/staff members to individual referrals.

Order office consumable such as stationery and paper and service supplies such as first aid and drug tests.

Data and reporting

Input service data accurately into our reporting systems and use this data to produce reports for our service managers and external partners.

Work with the Head of Information and Data Analyst to ensure data quality.

Ensure all data is stored safely and appropriately across the services, including documents held on SharePoint and that it is protected and deleted in line with EF information governance and GDPR policies and processes.

Maintain accurate and up-to-date records of our IT assets including phones and laptops. You will also work with our IT provider to solve technical issues with our IT systems.

Finance

Coordinate staff pay and expenses submissions and monitoring sickness and absence levels.

Be responsible for managing petty cash and other banking and finance processes.

Human resources

You will administer staff and volunteer recruitment and induction activities, including invitations to interviews, references, DBS applications and contracts and will coordinate staff training.

Generic duties and responsibilities

Confidentiality

Service user, volunteer and staff information is confidential. It is a condition of employment that staff do not use or disclose any confidential information obtained in accordance with data protection legislation.

Code of Conduct

All staff are expected to adhere to all EF's policies and procedures that establish standards of good practice and follow any codes of conduct which are relevant to their own profession. Staff will promote and ensure adherence to Equality of Opportunity policies and anti-discriminatory practice, demonstrating EF's commitment to valuing diversity.

Privacy and dignity

Staff should respect service user/family/carer's diversity, cultural needs and privacy.

Safeguarding

All staff have a duty to safeguard and promote the welfare of service users, volunteers, their families and carers. Staff have a duty to ensure they are familiar with safeguarding policies, attend safeguarding training and know who to contact if they have concerns about an adult or child's welfare.

Health and safety

EF has a duty of care to employees and will ensure that, as far as is reasonably practicable, adequate training, facilities and arrangements for risk avoidance are in place. All employees are required to comply with relevant Health & Safety legislation and policies relating to Health & Safety and Risk Management

Professional development

Staff must be committed to their professional development and keep up-to-date with relevant developments and legislation in the sector.
